County of Los Angeles

Los Angeles, CA 90012

Dear Supervisors:

**HEARING ON ANNUAL SOLID WASTE GENERATION SERVICE CHARGE REPORT
FISCAL YEAR 2006-07
ALL SUPERVISORIAL DISTRICTS
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD AFTER THE PUBLIC HEARING:

1. Find that adoption of the enclosed report to provide for the continued collection of the Solid Waste Generation Service Charge on the tax roll is for the purpose of meeting operating expenses and, therefore, is exempt from the California Environmental Quality Act pursuant to Section 21080(b)(8) of the California Public Resources Code.
2. Adopt the "Annual Solid Waste Generation Service Charge Report, Fiscal Year 2006-07" (Enclosure A) if there is no majority protest to the report.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Adoption of the enclosed report provides that the current Service Charge will continue to be collected on the tax roll in Fiscal Year 2006-07. Revenues generated are used to fund services furnished by the County in the implementation of the County's Household Hazardous Waste Element and Source Reduction and Recycling Element of the Countywide Integrated Waste Management Plan. These services by the County are required by Section 40000 et seq. of the California Public Resources Code, which also provides penalties of up to \$10,000 per day for failure to comply. Therefore, it is essential for the County to continue to provide these services as required by State law. The collection of the Service Charge on the tax roll remains the most cost-effective mechanism in the billing and accounting of these charges.

The Honorable Board of Supervisors

Implementation of Strategic Plan

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility as the Service Charge provides necessary and sufficient funds to continue the County's efforts to comply with the requirements of State law mandating waste reduction planning and implementation for the unincorporated County areas.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund. Revenues received from the Service Charge are deposited in the Solid Waste Management Fund. The projected revenue of \$1,186,000 is included in the Fiscal Year 2006-07 Proposed Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

In September 1991, your Board adopted an ordinance establishing the Service Charge as authorized by California Public Resources Code Sections 41901 and 41902.

Currently, each parcel of real property within the County unincorporated area is assessed an annual service charge based on the number of Solid Waste Generation units. The number of Solid Waste Generation units assigned to each parcel of real property is based on the current land use of the parcel as shown in Section 20.89.070 of the County Code. The number of units per parcel varies from zero for a vacant parcel to 50 units for uses such as auditoriums and amusement facilities. A parcel containing a single-family residential unit has been assigned one Solid Waste Generation unit.

The current annual service charge of \$3.51 per Solid Waste Generation unit will remain the same for Fiscal Year 2006-07.

Pursuant to Section 5473 of the California Health and Safety Code, a report entitled "Annual Solid Waste Generation Service Charge Report, Fiscal Year 2006-07" has been prepared and filed with the Executive Officer. Section 5473 also provides that any adopted ordinance authorizing the collection of service charges on the tax roll shall remain in effect until repealed or until changes have been made in the rates. The report contains a description of each parcel receiving such services and the amount of the charge for each parcel for the year computed in conformity with the charges prescribed by ordinance.

Section 5473.1 of the California Health and Safety Code requires that notice of the filing of the Service Charge Report and of a time and place of hearing thereon be published

once a week for two successive weeks in a newspaper of general circulation pursuant to Section 6066 of the California Government Code (Enclosure B).

At the hearing, your Board shall hear and consider all protests to the report. If the Board finds that protests to the report are made by the owners of a majority of parcels described in the report, the report shall not be adopted and the service charges shall be collected separately from the tax roll.

IMPACT ON CURRENT SERVICES

The collection of service charges on the tax roll will provide funds necessary for the County to comply with the State waste reduction mandates and avoid imposition of penalties by the State.

ENVIRONMENTAL DOCUMENTATION

Adoption of the enclosed report to provide for the collection of the annual Service Charge on the tax roll is for the purpose of meeting operating expenses and, therefore, is exempt from the California Environmental Quality Act pursuant to Section 21080(b)(8) of the California Public Resources Code.

CONCLUSION

Please return two adopted copies of this letter and report to Public Works, Environmental Programs Division. In addition, please file a copy of the report with the Auditor-Controller by August 10, 2006.

Respectfully submitted,

Enclosure A

COUNTY OF LOS ANGELES
ANNUAL SOLID WASTE GENERATION SERVICE CHARGE REPORT
FISCAL YEAR 2006-07

INTRODUCTION

The California Health and Safety Code, Section 5470, et seq., requires that if existing Solid Waste Generation Service Charges (Service Charge) are to continue to be collected on the tax roll, a report shall be prepared each year and filed with the Executive Officer. The Executive Officer shall file a copy of the report with the Auditor-Controller by August 10 of each year with a statement that the report has been adopted by the Board of Supervisors, and the Auditor-Controller shall enter the amounts of the charges against the respective parcels of land as they appear on the current assessment roll. This report has been prepared to fulfill said requirements.

In 1989, the State of California passed the California Integrated Waste Management Act (AB 939). AB 939, as amended, mandates all cities and counties in the State to prepare a series of documents detailing programs each would implement to reduce the amount of material sent to landfills, and then to divert 50 percent of its waste from the landfills. AB 939 also allows the State to assess penalties up to \$10,000 per day on jurisdictions that do not comply with AB 939's mandates.

SOLID WASTE GENERATION SERVICE CHARGE

In 1991, as a result of the enactment of AB 939, the Board of Supervisors adopted Los Angeles County Ordinance No. 91-0119 implementing the Service Charge. This Service Charge provides funds for the preparation, adoption, and implementation of the Los Angeles County Source Reduction and Recycling Element and Household Hazardous Waste Element of the Los Angeles County Integrated Waste Management Plan, including State reporting and implementation of Source Reduction and Recycling Element programs such as residential recycling, business recycling, and public education outreach programs.

The Service Charge Ordinance is codified in the Los Angeles County Code, Title 20, Division 4, Chapter 20.89 (Attachment I). The annual charge levied on each parcel of real property in the unincorporated County area is computed by multiplying the amount of the Service Charge (currently \$3.51) by the number of Solid Waste Generation units for the current land use as shown in Table A, Section 20.89.070, of the County Code.

The current annual charge of \$3.51 per Solid Waste Generation unit will remain the same for Fiscal Year 2006-07.

IDENTIFICATION OF PARCELS TO BE CHARGED

All improved parcels of real property in the unincorporated areas of the County of Los Angeles are subject to this Service Charge. The Fiscal Year 2006-07 Tax Rate Areas for the affected parcels are listed in Attachment II.

The purpose of this chapter is to establish and collect the Service Charge authorized by Sections 41901 and 41902 of the Public Resources Code in order to fund the reasonable and necessary costs incurred by the County of Los Angeles in the preparation, adoption, and administration of the Los Angeles County Household Hazardous Waste Element, and the preparation, adoption, and implementation of the Los Angeles County Source Reduction and Recycling Element of the Countywide Integrated Waste Management Plan prepared pursuant to Public Resources Code, Section 40000 et seq. The Service Charge will be levied upon each parcel of real property in the unincorporated area of the County of Los Angeles and will be collected directly by the County on the tax roll. The Service Charge will not be imposed upon or collected by any solid waste haulers providing solid waste collection for the County of Los Angeles. (Ord. 91-0119 § 1 (part), 1991.)

NOTICE OF HEARING
ANNUAL SOLID WASTE GENERATION SERVICE CHARGE REPORT
FISCAL YEAR 2006-07

Notice is hereby given that a report prepared by the Director of Public Works has been filed with the Executive Officer of the County of Los Angeles to provide for the continued collection of the existing annual Solid Waste Generation Service Charge on the tax roll for Fiscal Year 2006-07. The report contains a description of each parcel receiving these services and the amount of the existing service charge for each parcel. There will be no change in the Solid Waste Generation Service Charge rates.

Currently, each parcel of real property within the County unincorporated areas is assessed an annual service charge based on the number of solid waste generation units assigned to that parcel. The number of units is a function of the current land use of the parcel and varies from zero for a vacant parcel to 50 for auditoriums and amusement facilities. The annual service charge per "Solid Waste Generation unit" is currently \$3.51 and will remain unchanged for Fiscal Year 2006-07. Based on this formula, the annual service charge for a single-family residence is \$3.51. Revenues generated are used to implement required programs to achieve State waste reduction mandates.
